

ESCO Completes Divestiture Of VACCO Industries

07/21/25

St. Louis, July 21, 2025 (GLOBE NEWSWIRE) -- ESCO Technologies Inc. (NYSE:ESE) completed the previously announced divestiture of VACCO Industries to RBC Bearings Incorporated (NYSE: RBC), an international manufacturer and marketer of highly engineered precision bearings and products, headquartered in Oxford, Connecticut. Net proceeds on the transaction were approximately \$275 million reflecting customary working capital adjustments attributable to operating activities since the time of the transaction announcement on May 20, 2025.

ESCO Technologies is a global provider of highly engineered products and solutions serving diverse end-markets. It manufactures filtration and fluid control products, advanced composites, as well as signature and power management solutions for aviation, Navy, space, and industrial customers. ESCO is an industry leader in designing and manufacturing RF test and measurement products and systems; and provides diagnostic instruments, software and services to industrial power users and the electric utility and renewable energy industries. Headquartered in St. Louis, Missouri, ESCO and its subsidiaries have offices and manufacturing facilities worldwide. For more information on ESCO and its subsidiaries, visit ESCO's website at www.escotechnologies.com.
